BOP's Emergency Response

Every institution is like a small city and to cope with major emergencies or other significant interruptions of normal operations, they each have continuity of operations (COOP) plans that provide guidance to staff.

BOP's COVID-19 Response

In February 2020, the BOP's Public Health Service (PHS) staff were placed in operational dress uniforms to be ready to respond to COVID-19 incidents by the Assistant Secretary for Health.

BOP's COVID-19 Collaboration Efforts

BOP PHS Officers have been deployed for national travel-related screening at airports and NIC has been asked to share BOP-related guidance with state and local corrections.

COVID-19 Cases

The BOP has **143,707** federal inmates in BOP-managed institutions and **10,226** in community-based facilities. The BOP staff complement is approximately **36,000**. As of 04/19/2020, there are **495 federal inmates** and **309 BOP staff** who have confirmed positive test results for COVID-19 nationwide. Currently, **155 inmates** and **29 staff** have recovered. There have been **22 federal inmate deaths** and **0 BOP staff member deaths** attributed to COVID-19 disease.

Due to the rapidly evolving nature of this public health crisis, the BOP will update the open COVID-19 confirmed positive test numbers and the number of COVID-19 related deaths daily at 3:00 p.m. The positive test numbers are based on the most recently available **confirmed lab results** involving open cases from across the agency as reported by the BOP's Office of Occupational Health and Safety. BOP field sites may report additional updates throughout the day. Data is subject to change based on additional reporting.

The inmate totals listed do not include inmates participating in the Federal Location Monitoring program.

Please note: The reference to the FCI Butner Low below refers to an isolation unit that is physically separated from the rest of the LSCI.
