January 12, 2021 - Notice Regarding Judiciary Cybersecurity Breach -

On January 6, 2021 the Judicial Conference of the United States announced that sealed, non-public documents stored on the Judiciary's electronic case management system, CM/ECF, may be vulnerable to the "compromise involving SolarWinds Orion products that are currently being exploited by malicious actors" that the Department of Homeland Security announced last month.

Pursuant to its Local Rules, the Second Circuit Court of Appeals does not permit for filing any sealed documents in its CM/ECF system; nor are any sealed documents stored in the CM/ECF system. Sealed documents are filed by delivering them directly to the Clerk's Office in paper or digital format. Sealed documents are then separately stored in the Clerk's Office. LR 25.1(j) (2). These practices will continue going forward.
