ATTC Resources
The Addiction Technology Transfer Centers (ATTC) have produced several resources to help providers to improve services capability in response to COVID-19:

**ATTC Pandemic Response Resources** - [https://attcnetwork.org/centers/global-attc/pandemic-response-resources](https://attcnetwork.org/centers/global-attc/pandemic-response-resources)

- **Listening Session and Strategic Discussion Series**
  The Addiction Technology Transfer Center (ATTC) Network, and the Prevention Technology Transfer Center (PTTC) Network are facilitating a FREE, national online discussion and resource sharing opportunity for the substance use (SU) prevention, treatment, and recovery workforces focused on emerging issues around social determinants of health (SDH) and COVID-19. [Download series overview](#).

- **Substance Use Disorder Services in the Days of a Pandemic: You Need A Bigger Boat!**
  Providing SUD services during a pandemic requires a mix of disaster preparedness, safety precautions, telehealth, and ethics. During her tenure as a leader in SUD treatment, Sheila Weix has been involved with emergencies related to the HIV epidemic, 9/11, and the 2008 economic collapse. She is currently applying this experience in an outpatient treatment service that includes medication-assisted treatment in rural Wisconsin during the COVID19 pandemic. This webinar is from the Great Lakes ATTC.

- **Telehealth Learning Series for SUD Tx and Recovery Support Providers**
  This Telehealth Learning Series is a facilitated, FREE, national online discussion and resource sharing opportunity for substance use disorder (SUD) treatment providers and peer support specialists faced with transitioning their services to the use of telephone and videoconferencing. [LEARN MORE](#)
• **Online Telephone and Support Groups**
  Treatment providers and peer support specialists looking for online and telephone support groups for their patients/peers should review the list compiled by the Mountain Plains ATTC. Both 12 Step and none 12 Step-based online support groups are identified. This is not an exhaustive list but the links are active. After an initial review NONE of these sites are associated with specific treatment/recovery centers and do not require individuals to register first to access online group support services. [Download List (Accessible)]

• **Healing the Healer: Employing Principles of Neuroscience, CBT, and MI to Understand and Treat Compassion Fatigue Among Human Services Professionals**
  This webinar, presented by Troy Montserrat-Gonzales, LPC, LMHC, re-examines compassion fatigue and self-care in light of neuroscience research and offers practical tools for professionals to use to mitigate their own compassion fatigue and strengthen their resilience. This webinar was produced by the Northwest ATTC.

• **A Guide to Using Text Messages to Improve Substance Use Treatment Outcomes**
  Helping individuals remain in treatment or continue to participate in recovery support services can be difficult. However, with advances in both technology and science, text messages can be used to increase engagement, enhance education about the individual’s condition, and help patients manage craving and other negative thoughts/moods. This step-by-step guide contains information for treatment and recovery support providers on how to use text messages to expand the reach of their services. The guide can be used in conjunction with the webinar or as a stand-alone resource.

**PTTC Resources**
The Prevention Technology Transfer Centers (PTTC) have produced several resources to help providers to improve services capability in response to COVID-19:
