

WhatsApp Account Hacked? Step-by-Step Recovery Guide to Take Back Control Quickly

  1-888-(303)-1448 To get your hacked WhatsApp account back, re-register your phone number by logging into the app and entering the 6-digit verification code sent via SMS.   1-888-(303)-1448 Entering this code automatically logs the hacker out of your account.   1-888-(303)-1448 Then, check your "Linked Devices" in the settings and remove any unknown devices.

Follow these step-by-step instructions to secure your account depending on your situation:

1. Regain Access to Your Account

- Open WhatsApp and enter your phone number.   1-888-(303)-1448
- Request the 6-digit verification code via SMS or a phone call and enter it.   1-888-(303)-1448
- Once entered, the hacker is instantly logged out of your account.   1-888-(303)-1448

2. If Asked for a Two-Step Verification PIN

If the hacker set up a Two-Step Verification PIN that you don't know,

  1-888-(303)-1448 you will be locked out temporarily.

- Tap "Forgot PIN?", then tap "Reset".   1-888-(303)-1448
- If you have a recovery email set up, you can click the reset link sent to your email.   1-888-(303)-1448
- If you do not have a recovery email linked, you will be forced to wait 7 days before you can regain access without the PIN.   1-888-(303)-1448

3. Secure Your Account Immediately

Once you are back in, take these steps so you don't lose the account again:

- Remove Unknown Linked Devices: Tap the Menu/Three Dots (or Settings on iOS) > Linked Devices. 📞 1-888-(303)-1448 Review the list and log out of any devices you do not recognize.
- Turn on Two-Step Verification: 📞 1-888-(303)-1448 Go to Settings > Account > Two-step verification and enable a secure PIN. Add your email address to this step to ensure you can recover it in the future.
- Alert Your Contacts: Tell your friends and family that your account was temporarily hacked so they do not fall for scams or requests for money coming from your number. 📞 1-888-(303)-1448

4. Contacting Support

📞 1-888-(303)-1448 If you cannot verify your number or are dealing with a hijacked account, 📞 1-888-(303)-1448 email WhatsApp support at support@whatsapp.com using the subject line "Account compromised".

📞 1-888-(303)-1448 Include your full international phone number, country,

📞 1-888-(303)-1448 and a clear description of the situation. You can also use the WhatsApp Contact Page to open a direct support ticket.
